

FranklinWatch™

Find Your Perfect Government Contract Matches with the Power of Artificial Intelligence (AI).

Introducing FranklinWatch - Your AI-Powered Government Bid Discovery Companion, powered by Franklin™. Identifying and winning relevant government contracting opportunities is a constant challenge for businesses. With thousands of federal, state, and local bids issued daily across multiple sources, crucial prospects can easily go unnoticed using traditional keyword search methods.

FranklinWatch by Entigenlogic® solves this problem by using advanced natural language AI to match bid descriptions, requirements, and your company's capabilities. This innovative solution permits business development resources to engage early, build a winning pipeline, eliminate unqualified leads, and focus on capturing profitable opportunities.

FranklinWatch acts as your intelligent bid discovery companion, providing:

- **Conceptual Search:** Describe your areas of expertise in plain language and find opportunities that align with your business across database websites such as SAM.gov, GSA eBuy, et al.
- **Time Savings:** Quickly pinpoint best-fit bids while avoiding labor-intensive manual screening
- **Ranking:** Opportunities prioritized intelligently based on their relevance to your business
- **Expanded Discovery:** Uncover hidden bid connections and related prospects typically missed with keywords alone
- **Continuous Monitoring:** Stay ahead of the curve with daily alerts for new opportunities matching your expertise
- **Boost your win rate:** Focus on bids where you have a strong competitive edge

With *FranklinWatch*, you spend less time scouring government websites and more time positioning for bidding success. Seamlessly integrate *FranklinWatch* via cloud deployment using robust APIs. Or leverage our turnkey solution with a domain-specific knowledge base carefully engineered for government contracting.

"Before SiloSmashers started using Entigenlogic, navigating [SAM.gov](https://www.sam.gov) and identifying government contracting opportunities that fit our company's profile was a painful grind. We were missing out on great customers and wasting resources on opportunities that weren't a perfect fit. Entigenlogic's solution, with its innovative approach to lead generation has been transformative." - Rob Doyle, Director of Innovation and Technical Solutions, SiloSmashers

In today's competitive market, don't let business opportunities slip through the cracks. Elevate your bid discovery process 24/7/365 with *FranklinWatch*.
